Subject: Draft B Zoning Regulatins

To: Karen Hughes
Randy Fifrick

My name is Kristi Kaufmann and my husband and I bought our 20 acre AG ranch just about four years ago. My husband comes from a long history of farmers and ranchers from Wisconsin. It was always his dream to own a small piece of heaven in Montana and so we did do just that. Today, it seems as though just a hand-ful of individuals are doing everything that they can to "stir the pot" around here and frankly, we're not so happy about it. Draft B of the zoning proposition will alter the Bitterroot Valley and Ravalli County as we know it to be today and that is not in a good way. We feel that there is a great deal of under-handed, closed-door manipulation going on and would love to see a complete recall of all the commissioners on board at this time.

Draft B is not following the Constitution of the United States! It violates the Montana Constitution as well. It violates my due process and property rights. It does not comply with the Montana Statutes Governing zoning and is not lawful for zoning to be based on **density**.

As far as someone allowing themselves to come into my home for any old reason is a true crime against our civil rights. No way is this going to happen without a warrant!

My husband and I, along with several of our neighbors, feel this zoning proposal to be stripping us of our freedoms as property owners and as individuals. Not allowing us to take a vote on this incredibly important and life altering event is unconstitutional. We now ask that you place this issue on the upcoming November ballot.

Thank you

Kristi Kaufmann
